By James Beard

James Beard was a culinary master, but he was also a passionate naturalist. His love of the outdoors and his keen eye for detail made him an expert birdwatcher and ornithologist.

In *Beard on Birds*, Beard shares his knowledge and experience with readers, providing a comprehensive guide to the art and science of

birdwatching. From identifying different species to understanding their behavior, Beard covers it all.

This new edition of *Beard on Birds* has been updated and revised to include the latest information on birdwatching and ornithology. It also features beautiful new photographs and illustrations.

Whether you're a seasoned birdwatcher or just getting started, *Beard on Birds* is the perfect guide for you. It's a must-have for any nature lover's library.

What's Inside

Beard on Birds is divided into three parts:

1. **The Art of Birdwatching:** This section covers the basics of birdwatching, including how to identify different species, where to find birds, and how to observe their behavior.
2. **The Science of Ornithology:** This section delves into the scientific study of birds, including their anatomy, physiology, and behavior. Beard also discusses the importance of conservation and how to protect birds and their habitats.
3. **Birdwatching for Everyone:** This section provides tips and advice for birdwatchers of all levels, from beginners to experts. Beard also includes a list of his favorite birding spots around the world.

Reviews

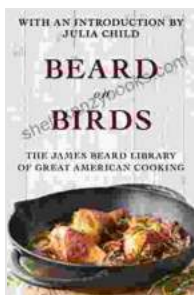

Beard on Birds has received rave reviews from birdwatchers and ornithologists alike.

"Beard on Birds is a must-have for any birdwatcher's library. It's a comprehensive guide to the art and science of birdwatching, written by a master naturalist." - The New York Times

"Beard on Birds is a beautifully written and illustrated guide to the world of birds. It's a must-read for anyone who loves the outdoors." - The Washington Post
