NEW MOON RITUAL

for intention setting & manifestation

01. PREPARE YOUR SACRED SPACE

Cleanse your sacred space with an opening prayer, a sage smudging, and/or burning some incense.

02. GROUND YOURSELF

Close your eyes. Notice each breath you take and relax your body. Just breathe.

03. JOURNAL

Release what's on your mind. Don't worry about what you're writing, just write and let it flow out of you. Clear your heart and mind of anything negative or stressful so that you have can start off with a clean slate.

04. SET YOUR INTENTIONS

Write down your intentions of what you want to manifest. The clearer you are, the easier it is for your subconscious mind to begin creating it. What is it that you want to change about your life? Is there a goal or achievement you wish to reach or is there something you wish to let go of so you can be free and move forward?

05. CREATE YOUR MANTRA

A mantra is an affirmation that is repeated to one self for the purpose of motivation or encouragement. Create your personal mantra that supports your intentions that you can repeat to yourself in the mirror, in your morning meditation, throughout the day, or before bed until you transform your thoughts into reality.

06. VISUALIZE

Next, lay down on your bed or couch and close your eyes. Visualize in your mind your intentions you just manifested. Notice what you look like, where you are, how you feel, what the energy is like, what it smells like, how it sounds, etc.

07. CLOSING

New moon rituals have the power to recharge and recalibrate your energy. As we open to the possibilities of what is coming into our lives, this is a good time to offer thanks for all that has come in the last cycle and prepare your mind for what's to come.
